## About Flex Databases

We develop a comprehensive clinical trial management solution since 2011.

- **10+ years** on the market
- **4 offices** in the US, Europe, and Asia
- **All-in-one platform** from study planning to safety database

## What sets us apart

Easy implementation

Full compliance

Complete data safety

Flexible solution

- System implementation in **3 to 10 weeks**
- A robust **backup & disaster recovery and data protection strategy**, including distributed data storages around the world
- All major **international and local regulations** covered, including FDA 21 CFR Part 11, GDPR, etc.
- Reports, workflows, trackers are **under user configuration**. Web-based solution, no installation required

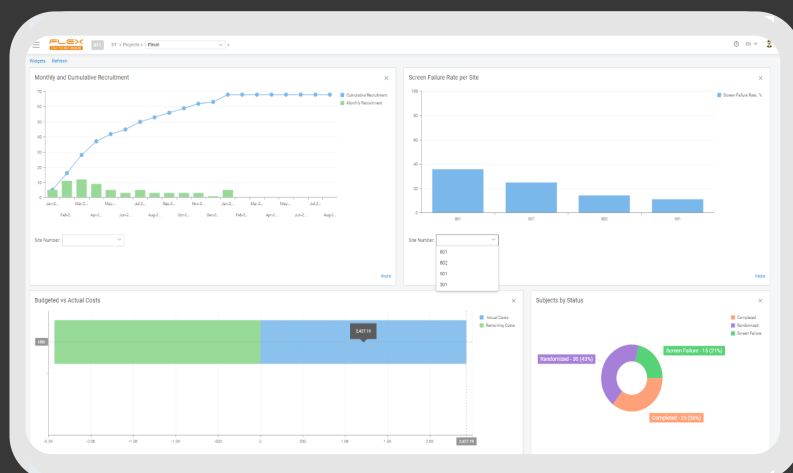

## Some of our clients

Leading CROs, pharma, and biotech

# Subject Tracking & Invoicing

## Module Overview

**Track what is going on at sites and gain full transparency of sites payments**

**Enrollment, inclusion curve, in and out of time window visits, screen failures and so much more in one place.**

**Widgets, reports, and graphs, all exportable and at your disposal.**

**Plan budgets for site payments, get automated information on visits and procedures completed, invoices are generated automatically – check, confirm, see the big picture or dive into details.**

**Planned vs actual reports are everywhere on every data point you can think of.**

## Study and Site Budget Management

- Create study and site budgets
- Invoice based on various triggers: visit, procedures, milestones, etc.
- Set up any payment rules with overhead percentage, cost and extra cost reductions
- Keep different site budget versions and invoice according to specific version
- Copy budget template to speed up trial set-up
- Export and report any data on invoicing into sites
- Multi-currency budgets

## On-site activities

- Track non-visit related activities (PTC management)
- Track unscheduled visits and procedures
- Manage open queries resolution

## Enrollment and Patient Tracking

- Plan enrollment and compare it with a real picture
- Plan and schedule patients visits
- Track all patient visits related data
- Import data from your EDC system or add subjects manually

## Invoicing

- Get overall reports on ready to be invoiced, approved and paid activities
- Generate invoices on configurable client-specific or ready-to-use templates
- Track invoices status
- Void or approve invoices
- Multiple beneficiaries at sites
- Automated invoicing based on EDC data
- Payments per visit or per procedure
